Died at Richmond.

Mr. W. F. Butler received yesterday the news of his father's death, which occurred at Richmond, Virginia, at the advanced age of eighty-eight years. Mr. Butler left via the Baltimore & Ohio, for Richmond yesterday afternoon to attend the funeral.

Masons' New Quarters.

The Martin's Ferry Masons have a force of workmen at work fitting up new quarters in the Commercial block and when finished they will include the hall formerly occupied by the Knights of Pythias and the Commercial hall, together with parlor, room, ante room, preparation room, kitchen, etc.

The hall will accommodate two hundred and fifty persons. The new home of the Masons will be equipped in the most modern manner. The location is very desirable.

Interesting Decision.

A special dispatch from Zanesville, Ohio, printed below, will be interesting to some Wheeling people: Judge Ford decided to-day that where an account had been unequivocally sold outside the state that the seller could not be prosecuted, and he discharged Thomas Carey, a groceryman, who sold an account to a Wheeling man against an employee of the Baltimore & Ohio Railroad Company, and whose wages were attached in West Virginia. The railroad employees have made a hard fight to have the law include the sale of accounts.

Chicken Thief Arrested.

About six weeks ago the chicken coop of John Kyne, a saloon-keeper of Martin's Ferry, was robbed of three valuable game chickens worth about \$2 a piece. The robbery was traced to Garrison Wilson, who lives at Elm Grove, and shortly after the robbery he was arrested in this city and taken before Justice Arkle. He was held for ten days, and none of the Ohio officers appearing with a requisition, he was released. Afterwards a requisition was obtained and yesterday afternoon Officer Bero re-arrested Wilson in a South Side saloon and lodged him in the lock-up. Later he was taken to Martin's Ferry by officers of that town.

Real Estate Transfers.

The following transfers in real estate were admitted to record in Clerk Hook's office yesterday:

Deed made April 10, 1894, by R. B. Criswell and wife to R. L. Criswell, for a portion of what is known as the "Greenlee Farm," containing 10.53 acres, for \$2,350.

Deed made January 23, 1896, by the Stone Church Cemetery Association to W. R. DeWitt, for lot No. 84 in said cemetery, for \$212.

Deed made April 6, 1896, by Sarah E. Gardner and husband to Thomas Leyland, for a parcel of land in Triadelphia district, containing two acres, for \$700.

Eccentric Man's Quarrelsome Heirs.

James McGrew, of Columbus, is in Martin's Ferry taking depositions in relation to the estate of John Swim, an eccentric character who died near Columbus about a year ago, aged 103 years. He was wealthy, his estate being estimated at at least \$200,000, and now the heirs are quarrelling over it. Swim resided in Martin's Ferry as far back as 1828. He dressed very shabbily and in bidding for a farm 2000 acres was taken for a tramp by the sheriff, who asked him if he had any money. He was the highest bidder, got the farm and paid for it with money carried in his boots. Mr. McGrew goes to Smithfield from Martin's Ferry.

A FOOD SHOW

To be Given in Wheeling Under the Auspices of Grocers.

THE PROMOTER OF THE SCHEME

Was in the City Yesterday Arranging for the Show, which will Open on May 7 and Continue Ten Days—Arion Hall will Probably be Secured—Wheeling Ladies to Act as Patronesses—Plan of the Exposition Described in Detail.

Wheeling is to have her first Pure Food Exposition next month.

Yesterday afternoon Mr. F. L. Maguire, of Chicago, who has conducted numerous pure food expositions in cities all over the country, from Boston to San Francisco, arrived in the city, to fill an engagement with the Wheeling Retail Grocers' Association. His mission was to interest the association in a pure food exposition, lasting ten days, to be given here in May. The association took hold enthusiastically, and the exposition is to be opened on May 7, and continue ten days, closing on the 16th. Mr. Maguire was looking at several halls about town but only two, Odd Fellows' hall and the Arion hall, seemed at all suitable. Later in the day he secured an option on the Arion hall and will probably close a deal for its use before the end of the week.

Mr. Maguire is at present conducting the pure food exposition at Pittsburgh, which lasts one month, and which a delegation of fifty Wheeling retail and wholesale grocers will visit next week as guests of the association of Pittsburgh grocers. He will invite the manufacturers of all food products to take space at the Wheeling exposition. This they will do without a doubt, as it is their policy to encourage such expositions. At the Wheeling show, too, it is probable that the several Wheeling firms that are engaged in the manufacture of such goods will exhibit.

The hall will be cut up into booths and these will be tastefully decorated with bunting, etc. The various foods will be cooked and placed before the general public for trial. Samples will also be given to all who attend the show. Every afternoon and evening there will be band concerts, for which the Opera House band will probably be engaged by the management of the exposition.

Another feature will be a cooking school under the direction of Mrs. Mary Lamson Clarke, of Boston, one of New England's most famous woman cooks. Mrs. Clarke will give daily lectures of cookery, lasting about one hour, at which her methods will be demonstrated on the stove. In a few days Mr. Maguire will be in town again when he will endeavor to have a number of Wheeling ladies act as patronesses of the exposition, just as is the custom in other cities.

When Traveling.

ALL should hear Miss Stella May (with the Blind Boone Concert Company) singing popular songs at the Opera House Saturday evening and matinee. See advertisement.

NEVER was such high class of baked goods offered in the city as you will constantly find for sale in the Wheeling Bakery's retail store. The Bakery takes great pride in placing before the public the great diversity of their product. You will find an endless variety of crackers from the old-fashioned hardtack to the recently perfected matchless cream puff. The wonderful scope in the cake department is scarcely less marked, including everything from the favorite luncheon of our country customers, the ginger bread, to the luxurious diet of those of a higher sphere, the angel's food. A continual display of the breads and rolls in the show windows tempts the appetite of the most fastidious. In the manufacture of fine breads the Wheeling Bakery is disputing the first honors with the great bakeries of our great cities. Such popular favorites as "Sweet Home," "Quaker," "Jubilee," "Vienna" and "Electric" have never been excelled and many a housewife has had their perfect excellence in our retail store. To give our many patrons the best that is possible to produce is the constant ambition of the bakery. For the benefit of the early market people the store room will be opened on market mornings at 5:30 o'clock, that all may have the opportunity to purchase warm bread and rolls for breakfast.

THE HUB CLOTHERS AND FURNISHERS.

The New Order of Things

Is making an impression. Everybody is glad that there is one store that eschews the Cheap. Trusting to quality and not price-marks. Out of this policy has grown the better store. Out of your approval of it has grown the greater business.

Figures are frail reeds. Lean on them alone and you'll sink in the mire of dissatisfaction. We quote the lowest for worth, always have, always will. Our buying power dictates terms, absorbs opportunity, attracts quality QUALITY—that's the foundation; that's our stock in trade. The prosperity of the present throws its strong light down the avenues of time, revealing a future of greater success. We'll keep on as we're growing—we're on the right track.

Men's Suits.

Where to begin is thoughtful food. Where does quality begin? That's our starting point. It's \$10 most everywhere—so it's \$8 with us—all wool fabrics—careful making and perfect fitting. \$10 and \$10.98—we are selling lots of these \$10 and \$10.98 Suits this season. They must be exceptional values. There are thirty-five styles to be suited from. The work in these suits is not put into the \$15 grade even by the average manufacturer, but he doesn't care—we do. We could rest on the laurels in our \$15 grade and still be leaders. There's \$20 worth in every suit in it. We were ploughing for opportunity and struck a lead—found we could do better than we thought we could—kept on till here we are—\$15 for the every-where else \$20. Judge when you see them.

Boys' Clothing.

Anything good enough for a boy. Will you take that attitude towards your boy and so cut him off from one of the manliest of virtues—personal pride, not conceit? If honest and fine conversation is good for him, why not nice, tasty and honest clothes? Does he not at his young and eager age absorb the character of the surroundings more than he will ever again in this life? Shall we surround him with honest and stylish clothes?—we will help you by selling good clothes cheaper than anybody else—any style, any size, any price—

\$1.50 TO \$15.
